Contents

No. 1 (February 1992)

Special Article. Poliomyelitis: Eradication in sight
Melnick. J. L. 1

An outbreak of serogroup B:15:P1.16 meningococcal disease, Frederiksborg county, Denmark, 1987–9
Samuelsson, S., Ege, P., Berthelsen, L. and Lind, I. 19

Genetic relationships among *Neisseria gonorrhoeae* serovars analysed by multilocus enzyme electrophoresis
Poh, C. L., Ocampo, J. C. and Loh, G. K. 31

Ribosomal RNA gene patterns of *Helicobacter pylori* from surgical patients with healed and recurrent peptic ulcers
Owen. R. J., Bickley, J., Lastovica, A., Dunn, J. P., Borman, P. and Hunton, C. 39

Campylobacter enteritis in Saudi Arabia
Zaman, R. 51

***Salmonella arizonae* in the United Kingdom from 1966 to 1990**
Hall, M. L. M. and Rowe, B. 59

Epidemiology and microbiology of diarrhoea in young Aboriginal children in the Kimberley region of Western Australia
Gunzburg, S., Gracey, M., Burke, V. and Chang, B. 67

The serological relationship between *Escherichia coli* O157 and *Yersinia enterocolitica* O9 using sera from patients with brucellosis
Chart, H., Okubadejo, O. A. and Rowe, B. 77

Drug resistance and plasmid profile of shigellae in Taiwan
Lin, S.-R. and Chang, S.-F. 87

Longitudinal study of toxoplasma seroprevalence in South Yorkshire
Walker, J., Nokes, D. J. and Jennings, R. 99

The epidemiology of *Sarcocystis* spp. in cattle of Western Australia
Savini, G., Dunsmore, J. D., Robertson, I. D. and Seneviratna, P. 107

The influence of temperature on the behaviour of mixed bacterial contamination of the shell membrane of the hen's egg
Dolman, J. and Board, R. G. 115

Removal of micro-organisms by filtration through unwoven cloth coated with a pyridinium-type polymer
Kawabata, N., Inoue, T. and Tomita, H. 123

Class-specific antibodies to bovine respiratory syncytial virus in experimentally infected lambs
Sharma, R. and Woldehiwet, Z. 135

Epidemiology and aetiology of acute bronchiolitis in Hong Kong infants
Sung, R. Y. T., Chang, R. C. K., Tam, J. S., Cheng, A. F. B. and Murray, H. G. S. 147

A 2-year survey of the prevalence of enteric viral infections in children compared with contamination in locally-harvested oysters
Yamashita, T., Sakae, K., Ishihara, Y. and Isomura, S. 155

Antibody-capture enzyme-linked immunosorbent assays that use enzyme-labelled antigen for detection of virus-specific immunoglobulin M, A and G in patients with varicella or herpes zoster
van Loon, A. M., van der Logt, J. T. M., Heessen, F. W. A., Heeren, M. C. A. and Zoll, J. 165

Rotavirus detection by dot blot hybridization assay using a non-radioactive synthetic oligodeoxynucleotide probe
Fernández, J., Sandino, A., Yudelevich, A., Avendaño, Venegas, A., Hinrichsen, V. and Spencer, E. 175

Patterns of Rift Valley fever activity in Zambia
Davies, F. G., Kilelu, E., Linthicum, K. J. and Pegram, R. G. 185
The detection of African horse sicknes virus antigens and antibodies in young equidae
Hamblin, C., Anderson, E. C., Mellor, P. S., Graham, S. D., Mertens, P. P. C. and Burroughs, J. N. 193
A prolonged outbreak of ornithosis in duck processors
Newman, C. P. St. J., Palmer, S. R., Kirby, F. D. and Caul, E. O. 203
Book review. Infectious Diseases of Humans; Dynamics and Control 211
Book review. Yearbook of Infectious Diseases,1991 212
Notes for Contributors

No. 2 (April 1992)

Genetic relationships among strains of *Salmonella enteritidis* in a national epidemic in Switzerland
Stanley, J., Burnens, A. P., Threlfall, E. J., Chowdry, N. and Goldsworthy, M. 213
Epidemiology and control of an outbreak of typhoid in a psychiatric institution
Goh, K. T., Teo, S. H., Tay, L. and Monteiro, E. H. A. 221
Further observations on the serological response to experimental *Salmonella typhimurium* in chickens measured by ELISA
Barrow, P. A. 231
Biochemical and molecular characterization of *Salmonella enterica* serovar *berta*, and comparison of methods for typing
Olsen, J. E., Brown, D. J., Baggesen, D. L. and Bisgaard, M. 243
Each water outlet is a unique ecological niche for *Legionella pneumophila*
Marrie, T. J., Haldane, D., Bezanson, G. and Peppard, R. 261
Apramycin resistance plasmids in *Escherichia coli*: possible transfer to *Salmonella typhimurium* in calves
Hunter, J. E. B., Shelley, J. C., Walton, J. R., Hart, C. A. and Bennett, M. 271
Numerical idex of the discriminatory ability of biotyping and resistotyping for strains of *Escherichia coli*
Crichton, P. B. and Old, D. C. 279
An epidemic methicillin-resistant strain of *Staphylococcus aureus* in Spain
Aparicio, P., Richardson, J., Martin, S., Vindel, A., Marples, R. R. and Cookson, B. D. 287
Serology and anthrax in humans, livestock and Etosha National Park wildlife
Turnbull, P. C. B., Doganay, M., Lindeque, P. M., Aygen, B. and McLaughlin, J. 299
Reactivity of human serum antibody with lipopolysaccharide O 78 antigen from enterotoxigenic *Escherichia coli*
Brüssow, H. and Sidoti, J. 315
Virulence determinants in *Pseudomonas aeruginosa* strains from urinary tract infections
Visca, P., Chiarini, F., Mansi, A., Vetriani, C., Serino, L. and Orsi, N. 323
Prevalence of serotypes of *Xanthomonas maltophilia* from world-wide sources
Schable, B., Rhoden, D. L., Jarvis, W. R. and Miller, J. M. 337
A longitudinal study of trachoma in a Gambian village: implications concerning the pathogenesis of chlamydial infection
Mabey, D. C. W., Bailey, R. L., Ward, M. E. and Whittle, H. C. 343
Antigenic and genetic analyses of eight influenza C strains isolated in various areas of Japan during 1985–9
Ohyama, S., Adachi, K., Sugawara, K., Hongo, S., Nishimura, H., Kitame, F. and Nakamura, K. 353
Methods for estimating the incidence of primary infection in pregnancy: a reappraisal of toxoplasmosis and cytomegalovirus data
Ades, A. E. 367
Estimation of the dynamics and rate of transmission of classical swine fever (hog cholera) in wild pigs
Hone, J., Pech, R. and Yip, P. 377
Book review. Current Topics in Clinical Virology 387

No. 3 (June 1992)

Persistence of contamination of hens' egg albumen *in vitro* with *Salmonella* serotypes
Lock, J. L. and Board, R. G. 389

Legionellae isolated from clinical and environmental samples in Spain (1983–90): monoclonal typing of *Legionella pneumophila* serogroup 1 isolates
Pelaz, C., García, L. and Martín-Bourgon, C. 397

Extended phage-typing scheme for *Campylobacter jejuni* and *Campylobacter coli*
Khakhria, R. and Lior, H. 403

The importance of P and type 1 fimbriae for the persistence of *Escherichia coli* in the human gut
Tullus, K., Kühn, I., Ørskov, I., Ørskov, F. and Möllby, R. 415

Distribution and characteristics of verocytotoxigenic *Escherichia coli* isolated from Ontario dairy cattle
Wilson, J. B., McEwen, S. A., Clarke, R. C., Leslie, K. E., Wilson, R. A., Waltner-Toews, D. and Gyles, C. L. 423

Factors affecting carriage of *Neisseria meningitidis* among Greek military recruits
Blackwell, C. C., Tzanakaki, G., Kremastinou, J., Weir, D. M., Vakalis, N., Elton, R. A., Mentis, A. and Fatouros, N. 441

Antibiotic sensitivities of *Neisseria meningitidis* isolates from patients and carriers in Greece
Tzanakaki, G., Blackwell, C. C., Kremastinou, J., Kallergi, C., Kouppari, G. and Weir, D. M. 449

Seroepidemiology of *Helicobacter pylori* infection in vegans and meat-eaters
Webberley, M. J., Webberley, J. M., Newell, D. G., Lowe, P. and Melikian, V. 457

Analysis of some virulence factors of *Vibrio vulnificus* isolated from Rio de Janeiro, Brazil
Rodrigues, D. P., Ribeiro, R. V. and Hofer, E. 463

A new approach to morbidity risk assessment in hookworm endemic communities
Lwambo, N. J. S., Bundy, D. A. P. and Medley, G. F. H. 469

Bancroftian filariasis in Pondicherry, South India – epidemiological impact of recovery of the vector population
Das, P. K., Manoharan, A., Subramanian, S., Ramaiah, K. D., Pani, S. P., Rajavel, A. R. and Rajagopalan, P. K. 483

The epidemiology of varicella–zoster virus infections: a mathematical model
Garnett, G. P. and Grenfell, B. T. 495

The epidemiology of varicella–zoster virus infections: the influence of varicella on the prevalence of herpes zoster
Garnett, G. P. and Grenfell, B. T. 513

Enteroviruses in recreational waters of Northern Ireland
Hughes, M. S., Coyle, P. V. and Connolly, J. H. 529

Influenza deaths in Leicestershire during the 1989–90 epidemic: implications for prevention
Nguyen-Van-Tam, J. S. and Nicholson, K. G. 537

Subacute sclerosing panencephalitis (SSPE) in Papua New Guinea: a high incidence in young children
Lucas, K. M., Sanders, R. C., Rongap, A., Rongap, T., Pinai, S. and Alpers, M. P. 547

Isolation of an agent of the spotted fever group rickettsia from tick eggs in Madrid, Spain
Herrero, C., Pelaz, C. and Martín-Bourgon, C. 555

Book review. Bradford Hill's Principles of Medical Statistics 559

Book review. Disease and Mortality in Sub-Saharan Africa 559
